

UNIVERSAL “Z” HOSE™ BENDS

- Universal Application for **Water**, **Fuel & Oil** and **EFV**
- Covers majority of small bore market
- Reduced Inventory

Mackay Universal Small Bore “Z” hose™ bends, the only hose specially designed to provide the largest small bore application coverage from a few part numbers.

Unlike Radiator hoses, demand for small bore hoses can be relatively inconsistent, requiring an unjustifiably large range to cater for the varied shapes and sizes in the market.

Mackay Universal Small Bore “Z” hose™ bends now solves this problem giving you the versatility to meet the majority of applications without high inventory costs. Combined with our application specific small bore range Mackay Hoses provide a superior and cost effective solution.
